

**MEETING MINUTES**  
**ROTONDA WEST STREET & DRAINAGE UNIT ADVISORY COMMITTEE**  
**February 13, 2013**  
**2:00 p.m. at Rotonda West Association**

**Attendees:** John Peszko, Susan Killion, Scott Schermerhorn, Stanley Plizga, and Peter Watson.

**Absent:** Olga Durham (excused),

**County:** Tara Musselman,

Meeting was called to order at 2:00 p.m.

Jeffrey Nagle, Landscape Engineer of Johnson Engineering presented 3 sign concepts. Each sign, with landscaping and lighting etc., would cost approximately \$50,000.00. Number one of the three sign concepts had a smaller second sign to be placed on the opposite side of the road. A motion by Stan Plizga and seconded by Scott Schermerhorn to only have one large sign passed unanimously.

Each sign was presented and the final selection, with audience participation, was to have the plan 1 concept of the sign with the plan number 2 concept sign railing. The color of sign number 1, tower roof (minus the supports), and stone bottom was selected by audience and committee. The wording for each entrance North, East, West, Rebel Court, and Cape Haze will be on the large tower of the sign. Also included on the sign will be Rotonda West, Deed Restricted. The font will be the original font used now on signs; the logo is B on the plan kit of parts. No planters or irrigation are needed. Jeff Nagle will now draw up a plan of the new sign incorporating all the above decisions and present it on March 13, 2013 2:00 p.m. to the RWA Association in a joint meeting with the RWA Directors.

The meeting was adjourned at 3:20 p.m.

Respectfully submitted,

Barbara Peszko Acting Secretary
